

SkyWater Technology Statement of REACH Compliance

Under the REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), SkyWater Technology is a producer of "articles". REACH requires article suppliers to inform recipients of articles placed on the EU market containing a substance of very high concern on the Candidate List in a concentration above 0.1 % w/w.

Registration of the latest Substances of Very High Concern used in the manufacture of its articles does not apply to SkyWater Technology.

The Candidate List of SVHCs can be found here:
<http://echa.europa.eu/candidate-list-table>.

This declaration applies to all articles produced & sold by SkyWater Technology, a U.S.-based and solely U.S.-owned company. SkyWater certifies, as of the date of this declaration & to the best of our knowledge, that our articles are compliant.

SkyWater Technology is committed to providing our customers with information regarding substances of concern. SkyWater meets REACH compliance by sourcing only compliant components and following compliant techniques and procedures in the fabrication of our articles. We strive to ensure that all requirements are met by our suppliers and that they remain in full compliance with current standards.

SkyWater is also committed to conducting operations in an environmentally, socially, and ethically responsible manner while complying with all applicable laws and regulations of those countries where we do business. This commitment includes the safe use and identification of chemicals per the applicable requirements of the European Community.
